Syllabus

Laboratories

Program Outcomes

Engineering Knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.

Problem Analysis: Identify, formulate, research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.

Design/Development of Solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.

Conduct Investigations of Complex Problems: Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.

Modern Tool Usage: Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools

IN DIRECT ASSESSMENT TOOLS:

The PO/PSOs are attained indirectly by taking different surveys. These serves are also having equal weightages

For overall PO/PSO attainment.

1. Program Exit Survey
2. Alumni Survey
3. Employer Feedback Survey

Frequency of Data Collection:

Table: Data Frequency

S. No.	Assessment Tool	Frequency of data collection
1	Program Exit Survey	Once in a Year
2	Alumni Survey	Once in a Year
3	Employer Feedback Survey	Once in a Year

Indirect Assessment Tools:

Alumni Survey: A feedback is collected on POS & PSOS from alumni students. It contributes towards the weight age of PO and PSO attainment. This survey is conducted by Alumni coordinator with the passed out students. Alumni coordinator collects both Alumni feedback forms filled by passed out students.

Employer Feedback Survey: A feedback is collected on Vision & Mission, PEOs, and Pos& PSOs. It is an indirect assessment tool which contributes towards the weightage of PO and PSOs. It is conducted after one year of service completed by the graduates from joining those respective organizations.

Program Exit Survey: The Program graduate exit survey is collected at the end of the program. The objective of the survey is to know the level of confidence of each POS & PSOs that a graduate possess by the end of the program.

ALUMNI SURVEY FORMAT

(INDIRECT ASSESSMENT)

Thanking you for taking time to respond to this survey. Your ideas and opinions are very important to our programs and our efforts to continuously improve these programs. You may use available blank space at the end of comments.

Name of the Alumni	:	H. Somagattu
Year of Graduation	:	2018
Branch	:	CSE
Present Address	:	Hyderabad
Email - ID	:	somagattu@gmail.com
Present Occupation (Please send appointment letter copy to the HOD at the earliest)	:	Developer

S. No.	Please answer the following Questions	Evaluate the following		
		Excellent	Good	Satisfactory
1.	How effectively the engineering knowledge is helpful in your real life?		✓	
2.	How far did you apply mathematical formulae and algorithmic principles to design and implement computer based system?	✓		
3.	How far your studies helped you meet the specific needs of society	✓		
4.	How far you are able to apply studies in research oriented way to investigate complex problems?		✓	
5.	Did you acquire your knowledge to meet modern engineering tolls and current technologies?		✓	
6.	How far you are able to serve the society with your computer based knowledge	✓		
7.	How far your engineering skills did help to sustain in global environment for career achievement?		✓

Please answer the questions below to help the authorities for improving the methodology of teaching learning process.

Tick mark against appropriate block.

Please answer the following questions	Evaluate the following		
	Excellent	Good	Satisfactory
	3	2	1
1) Can You apply the basic principles of mathematics, Science and engineering to solve the complex engineering problems?		/	
2) How effectively do you analyze the problems of engineering?		✓	
3) Can you design solutions for complex problems from your academic knowledge for sustainable growth?	/		
4) How far you are able to investigate problem by utilizing research based knowledge and methods which you have learnt from academics in research oriented way?		/	
5) Have you learnt about current technologies and modern engineering tools?		/	
6) Can you serve the society with your knowledge achieved from your studies?			✓

www.svitatp.ac.in

SRI VENKATESWARA INSTITUTE OF TECHNOLOGY

(Approved by AICTE, New Delhi & Affiliated to JNTUA)

7) Have you learnt any basic skills to survive in the society?	✓		
8) Have you come to know ethical values from academics?		✓	
9) Will your effects in academic projects help you out to work in diverse teams?			
10) How far your academics helped to enhance your communication skills?	✓		
11) How did you demonstrate and apply the knowledge acquired from your academics at the time of project documentation and implementation?		✓	
12) Can you learn independently throughout your life for career development?		✓	
13) Have you learnt to develop software for quality products independently/as a group applying modified engineering principles?		✓	
14) Did your academics give you enough knowledge to write competitive exams for successful career?			✓

Your feedback is valuable, which will lead to achieve further improvement in the system.

Write a few words about college environment that made you graduate engineering:
